Lost Ponds

1. Which two scenes show the pond losing space?
2. What pond or water space matters to people near you?
3. Should the first effort map pond edges or remove new fill? Why?
4. Why might someone try to turn a pond into building land?
5. If a pond is restored, who may bear the cost?
6. You have 300,000 BDT and 30 days. What one pond-protection pilot would your grant test?
