

Power Cut

**Generator Fumes, Phone Flashlight,
Dark Study Room, Limited Charging,
Hot Room, Dead Router**

Power Cut

1. Which two scenes make studying hardest?
2. When did a power cut last change your plans in Rajshahi?
3. Should a shared backup power point serve students or shops first? Why?
4. Why might a shop use a smoky generator despite the cost?
5. If one building offers free charging, what new problem might appear?
6. You have 150,000 BDT and 30 days. What one backup-power idea would your grant test?
