

Open Drains

**Overflowing Water, Sand Runoff,
Clearing Debris, Missing Cover,
Dumped Cups, Broken Drain Edge**

Open Drains

1. Which two scenes are most dangerous for someone walking?
2. Where have you had to avoid water or an open drain in Rajshahi?
3. Should the first effort cover open drains or clear blocked ones? Why?
4. Why might rubbish keep entering a drain after it is cleaned?
5. If a drain is covered, what could make future cleaning harder?
6. You have 200,000 BDT and 30 days. What one drain-safety fix would your grant test?
