

Road Dust

**Dry Work Site, Loose Road Edge,
Small Cleanup Cart, Uncovered Load,
Fast Passing, Dry Sweeping**

Road Dust

1. Which two scenes put dust closest to people's faces?
2. Where have you noticed road dust on a route in Rajshahi?
3. Should drivers slow down or should work sites cover sand first? Why?
4. Why might a delivery leave sand uncovered?
5. If roads are sprayed with water, what problem could that create?
6. You have 150,000 BDT and 30 days. What one dust-control change would your grant test?
