

Toilet Access

**Broken Tap, Long Wait,
Damaged Door, Cleaning Supplies,
Distant Facility, Locked Door**

Toilet Access

1. Which two scenes stop someone from using the facility?
2. What makes a public toilet feel usable to you?
3. Should funds first fix water or add cleaning supplies? Why?
4. Why might a working toilet close after a few months?
5. If use is free, how can regular cleaning be funded?
6. You have 500,000 BDT and 30 days. What one toilet-access change would your grant test?
