

Mosquito Breeding

**Leaving Buckets, Blocked Outlet,
Discarded Tyre, Missed Inspection,
Open Container, Standing Puddle**

Mosquito Breeding

1. Which two scenes hold water after rain?
2. Where have you noticed standing water in Rajshahi?
3. Should people empty containers or should shared outlets be cleared first? Why?
4. Why might a small pool return after it is emptied?
5. If old containers are removed, what useful items might be lost?
6. You have 150,000 BDT and 30 days. What one standing-water change would your grant test?
