

Road Damage

**Heavy Load, Poor Runoff,
Patch Delay, Loose Bricks,
Sudden Swerving, Deep Pothole**

Road Damage

1. Which two scenes show how a small hole becomes dangerous?
2. What road damage have you had to avoid in Rajshahi?
3. Should a team patch many small holes or one dangerous one first? Why?
4. Why might a quick patch fail after the next rain?
5. If repairs close one lane, what happens to nearby traffic?
6. You have 300,000 BDT and 30 days. What one road-repair change would your grant test?
