Machine Breakdown

Costly Farm Machines

1. Which two scenes could delay a farmer at the busiest time?
2. What farm tool would be useful to hire only occasionally?
3. Is an unavailable tool or a broken one harder during planting?
4. Why does timing matter more during planting or harvest?
5. If one machine serves several farms, who waits?
6. What could you try in 14 days for at most 5,000 BDT? Who might pay if it worked?
